### Patent Assignment

This PATENT ASSIGNMENT with an effective date of March 31, 2005 ("Effective Date"), is by and between Nixu, Oy, a corporation of Finland (hereinafter, "Assignor"), and Cisco Technology, Inc., a California corporation (hereinafter, "Assignee").

For good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, Assignor, on behalf of itself and its Affiliates (as defined below), does hereby sell, assign, and transfer to Assignee, for itself and its successors, transferees, and assignees, the following:

1. The entire worldwide right, title, and interest in and to:
  - (a) the Assigned Patents and Patent Applications listed in Exhibit A attached hereto and incorporated herein by reference;
  - (b) all applications claiming priority from the Assigned Patents and Patent Applications;
  - (c) all provisional, utility, divisional, continuation, substitute, renewal, reissue, and other applications related thereto which have been or may be filed in the United States or elsewhere in the world;
  - (d) all patents (including, but not limited to reissues and re-examinations) which may be granted on the applications set forth in sub-paragraphs (a), (b), and (c) above;
  - (e) all right of priority in the Assigned Patents and Patent Applications and in any underlying provisional or foreign applications;
  - (f) all rights to recover damages for past, present and future infringement of the Assigned Patents and Patent Applications; and
  - (g) all of Assignor's and its Affiliates' rights in and to the inventions that are disclosed in the Assigned Patents and Patent Applications.
2. Assignor, on behalf of itself and its Affiliates, agrees that Assignee may apply for and receive patents for any and all inventions that are disclosed in the Assigned Patents and Patent Applications in Assignee's own name.
3. Assignor, on behalf of itself and its Affiliates, represents that it has the rights, titles, and interests to convey as set forth herein.
4. Assignor grants the Assignee and its attorney of record the power to insert on this Patent Assignment any further identification that may be necessary or desirable in order to comply with the rules of the United States Patent and Trademark Office and/or any foreign patent office for recordation of this document.
5. For the purpose of this Patent Assignment, "Affiliate" means any entity, including but not limited to a natural person, partnership or corporation,

which directly or indirectly controls, is controlled by, or is under common control with Assignor.

6. This Patent Assignment may be executed in one or more counterparts, including facsimile counterparts, each of which shall be deemed an original and all of which may be taken together as one and the same Patent Assignment.
